# TESTIMONIALS

---

*My daughter has been attending drum lessons with Kimon Peters for a little over 2 years. In that time, she has followed the drumming syllabus (without the pressure of exams), learning both theory and the fundamentals of drumming. It has been amazing to watch her progress from a timid drummer to a musician who is able to read music and drum with confidence. These skills have secured her a place in both the school band and the Music Excellent Program. I couldn't have asked for a better teacher for Aly, Kim has a rare gift in that he is able to push her out of her comfort zone and read when she has had enough. Kim's enthusiasm and energy for all things music and learning is something Aly will carry with her for her entire life, she now has a strong appreciation for the joy of music. Thank you, Kim, for all that you have done for Aly and we look forward to our return.*

.....

*I've really been enjoying the drumming lessons and have learned a great deal from you in last 6 months. I have been recommending you and will continue to do so. You have a great style for teaching very relaxed even if I am nervous as hell. I appreciate all the help you have given me.*

**Mark Keane**

.....

*As a parent of a teenage daughter with adhd, Kimons drumming lessons have been a perfect way of collaborating music lessons and an outlet for my daughter, creatively and mentally. Kimon is a superb teacher and listener, he not only instructs, but mentors. Kimon is a fantastic role model within the industry, with a gifted talent for drumming and person, centered delivery.*

**Katie Accardo**

.....

*I highly recommend that you get some drum lessons with Kimon. Not only are his lessons fun but my drumming has improved out of sight. He tailor's each lesson to suit and what I need to work on. I look forward to my lesson every week! Keep up the good work and thank you!*

5 / 5

## TESTIMONIALS II

*As a student of Kimon's, I appreciate how patient he is when teaching. He is a pleasure to be able to be taught from, explain certain aspects in detail but also simple enough to be able to understand part by part. Kimon conducts his space very neatly and holds pride in drumming. I'm glad I had decided to take up drumming from him as he is a great teacher and fun to be around.*

**Charlie Accardo**

*Kimon is a very good teacher. He listens to how you want to grow when it comes to your drumming skills and also adapts his teaching style to accommodate and suit how you learn. We practice a bunch of theory together and always have a rocking jam at the end. Highly recommend him!*

**Sophien Hildebrandt-Petillo**

*In the 3 years Leo has been attending lessons with Kim, he has thoroughly enjoyed and progressed in all aspects of drumming. Kim is very supportive and encouraging in lessons. Watching my son and him have a jam at the end of a lesson is always a treat. Highly recommend Kim to anyone looking for a drum teacher.*

**Mick Hull**

*Ben has been attending drumming lessons with Kimon for over a year now and has grown confidence in both his character and his ability to perform on the drums. Having ASD, Ben struggles warming up to strangers, however he loves attending his lessons and is comfortable engaging with Kimon.*

**Amanda Lucre**

*Jesse loves his lessons with Kimon! Kimon is an excellent drum teacher. He is intuitive and really connects with our son. He makes learning music both really, fun and engaging. As a drummer and musician is he incredibly talented and that passion is definitely, passed onto his students.'*

**Jay Leig**

# KIMON PETERS

# TESTIMONIALS III

*Kimon is skilled at engaging adult learners using a strength-based approach. My drum lesson is one of the best parts of my week.*

*Kimon's passion for drumming is contagious, which motivates students to practice. I completed my grade 1 exam within a few months of starting lessons. Kimon is intuitive at knowing how to stretch students to acquire new skills and confidence, without causing overwhelm. He is always reliable and professional. Kimon goes the extra mile and helped me acquire an awesome second-hand kit. Highly recommended!*

**Jane Wilson**

*I wanted to learn to play drums for years but thought I was past learning to play an instrument at 30 years old. However, after getting an electronic kit for my birthday, I decided it was time to give it a shot and get drumming lessons and was thankfully put in touch with Kimon. Over the past 6 months, Kimon has been the perfect balance of a teacher and friend, whilst providing structured lessons in conjunction with kindness and understanding. He not only works with you during your lesson but provides material to help you grow and improve on your own time between sessions. Kimon has the ability, to relate to all ages, genders, learning abilities and ambitions and I couldn't recommend him enough for anyone wanting to learn to play drums.*

**Alexandria Allen**

*I first met Kimon Peters when enrolling our two sons, (5 and 7 years), in Drum Lessons with DrumLab in 2020. Kimon came to our house for the initial meeting in order to make the boys feel comfortable and to assess whether our youngest boy Zade, would be suitable for lessons at such a young age. Kimon built an immediate rapport with both children and adjusts lessons to suit both boys' individual needs. Once comfortable we continued lessons in Kimon's drum studio. He has demonstrated patience, kindness, encouragement and is extremely attentive to our children's needs, emotions and energy, adjusting his teaching style to reflect this every lesson. We believe that Kimon provides the delicate balance of discipline, guidance and fun required for children to reach their potential in any learning endeavour. Our children love going to drum lessons and have built a strong relationship of trust, admiration and respect for Kimon. I thoroughly recommend Kimon Peters in any educational music setting.*
